

Postdoctoral Fellow on Plant-microbe-soil interactions

at the Centre for Functional Ecology, Department of Life Sciences, University of Coimbra, Portugal

Closing date: 20 October 2016.

The University of Coimbra has an open position for a Research Fellowship for PhD-holder to work on the project PTDC/AGR-TEC/1140/2014 (COMPETE POCI-01-0145-FEDER-016801), funded by Fundação para a Ciência e a Tecnologia, the European Fund for Regional Development (FEDER), through COMPETE 2020.

Type of activity: laboratory and field research with plants and beneficial soil microorganisms, analyses of soil bacteria, fungi and plants.

Applicant profile: PhD in Biotechnology, Agriculture, Plant Sciences, Microbiology or other related fields.

Duration: 12 months.

Renewal: Eventually renewable until the end of the project.

Financial conditions: The amount of the scholarship is 1495,00€, paid at the end of each month by bank transfer, plus social security (seguro social voluntário, first level contributions) and a personal accidents insurance.

Applications submission: Applications must be submitted by e-mail to Rui S. Oliveira (rsoliveira@uc.pt), indicating the reference of the project in the subject. The following documents must be submitted:

- 1) Detailed Curriculum Vitae.
- 2) PhD certificate and other documents/certificates considered relevant.
- 3) Motivation letter indicating the reasons for the application.
- 4) Two reference letters.
- 5) Declaration stating that all the submitted elements and facts are true.
